

SHALL MADISON STILL LIVE IN THE MUD?

Is Question To Be Decided By Road Tax Election Tuesday, Says Berea Citizen

The Berea Citizen had a strong editorial the other day on the road tax question in Madison county, which every voter who wants good roads, would do well to read. The Citizen says:

The foremost agent of civilization and progress is a system of good roads. Churches, schools and all other religious, social and commercial agencies are held in check by bad roads, and the average citizen does not count the actual cost in dollars and cents of maintaining bad roads.

The cost of hauling country products over the roads of Breathitt, Harlan and Jackson counties will exceed 50 cents a ton for each mile. The average cost of hauling in Madison county is about 25 cents a ton for each mile, while the average cost in counties with road systems like Fayette, Clark and Bourbon is less than 15 cents a ton for each mile.

Madison county, according to the estimate of the state road department, is paying out annually \$350,000 for the poor roads which we have. People who own automobiles can own them longer at less expense by having good roads. People who drive wagons and teams can drive them longer at less expense over good roads. It is folly, yea, it is gross ignorance to argue that we are saving money by saving the little extra tax that is necessary to maintain good roads. Madison county is behind all other counties of the Blue Grass region whose taxable property is equal in value to that of Madison, Clark, Jessamine, Fayette, Bourbon, Scott, Montgomery, are all leaving Madison behind in the matter of good roads.

The citizens of this county on November 7 will vote whether or not we shall continue to have poor roads and live in the mud, or add a small tax to ourselves and secure an adequate system of roads. We cry "high taxes," and that cry is more of a habit than the expression of a fact. According to the state road department, our road tax is lower than any other county in Kentucky that has macadamized roads. The proposed vote is for a twenty-cent tax. That means that each citizen will pay 20 cents on each one hundred dollars worth of taxable property. The road engineer has made another estimate. The amount of money that we need will mean an additional tax of 12 1/2 cents on each acre of land. Twelve and one-half cents per acre for a modern road system is a small consideration.

No one individual in this county or any other county can afford to build a public highway. The roads are for the people, and they must be built by the people. We can not build them without money.

We must be willing to pay the price of civilization. Some of our citizens will make a trip outside of the county and state, and return to boast of the beautiful roads, and yet these same persons sit on their pocketbooks when they are called upon to make a little contribution for improving our own roads. A man's patriotism is worth just what he is willing to put up to maintain it.

NON-STOP FLIGHT IS ABANDONED

(By Associated Press)
Indianapolis, Nov. 4—Lieutenants Oakley Kelley and Jola MacReady, attempting a transcontinental non-stop air flight from San Diego, California, to New York, were forced down at Fort Benjamin Harrison near here early today. According to the aviators, the radiator sprung a leak shortly after they left San Diego but did not become serious until near Indianapolis. The men said they had traveled 2060 miles.

Make New Distance Record
(By Associated Press)
Washington, Nov. 4—Although Lieutenants Kelley and MacReady did not succeed in their attempt to fly across the continent without a stop, air officials here believe they set a new distance record by their flight from San Diego to Indianapolis.

FARRINGTON LOSING AS MINE WORKER LEADER
(By Associated Press)
Springfield, Nov. 4—A definite trend away from leadership of Frank Farrington, president of the Illinois mine workers, was revealed here today when tellers at state headquarters made a report showing that Farrington received second place in the nominations on miners' ballots.

DESTRUCTIVE FIRE IN CINCINNATI HARBOR

(By Associated Press)
Cincinnati, Nov. 4—Ohio river steamers Island Queen and Morning Star, are on fire in the local harbor. Other nearby steamers hastened to safety on the Kentucky side of the river.

The Island Queen and Morning Star were burned at the dock. Two other steamers, Tacoma and Chris Green, were also burned. The loss is placed at \$300,000. The blaze started in the Morning Star and spread almost with the speed of the wind. Two docks caught fire and were destroyed. The whole river front for a time was ablaze.

Woman 102 Years Old Dies At Nicholasville
(By Associated Press)
Nicholasville, Ky., Nov. 4—Miss Elizabeth Bowman, aged 102, died near here late yesterday in the house where she was born. Her mother was 104 at her death.

Week's Weather Guesses
(By Associated Press)
Washington, Nov. 4—The weather outlook for the Ohio valley and Tennessee: Rains and mild at beginning; fair and cold thereafter, with probability of unsettled conditions Friday or Saturday.

MADISON COURT IS AFFIRMED TWICE

The court of appeals at Frankfort Friday affirmed the \$175 fine and 30 days' jail sentence imposed on Frank Mullins by the Madison circuit court for selling two quarts of liquor to Wilburn Miller. The judgment of the Madison circuit court in the case of Nettie M. Kirby, administrator, against the Berea College, was affirmed by the court.

Mrs. Kirby sued the college, Dr. Harlan Dudley, Dr. R. H. Cowley, Mary S. Lingacre and Nellie C. Miller for \$20,000 damages for alleged "negligence, unskillfulness, ignorance and maltreatment" of her daughter while a student at Berea College. The daughter developed pneumonia after measles and died.

Fly To New York
San Diego, Cal., Nov. 3—Lieutenants John Macready and Oakley Kelley, army aviators left here today in a monoplane in an attempt to fly to New York, without a stop.

STATEMENT BY CITIZENS' COMMITTEE

We have endeavored honestly to put the 20c road tax proposition up to the voters as we see it, and in our opinion the tax, if voted, will prove a lasting benefit to Madison county. If through ignorance or unintentional error we have made any statement that is in error, we stand corrected.

What funds we have expended have been expended TOTALLY for publicity in an effort to put the facts, as we see them, before the people.

This Committee now goes on record unanimously that we do not propose to use any money, and we ask our friends not to use money to influence anyone to vote in favor of this project.

We have no criticism or quarrel with those who hold opposite views to ours, in regard to the road tax, and we are going on record in this way with the hope that the vote, when counted, will fairly indicate the verdict of the people.

DR. SANDLIN SAYS KEEP POLITICS OUT OF SCHOOL.

To The Voters Of Richmond:

I am reliably informed that the voters of Richmond are being deceived as to my position on the School Board question. In the first place, the Republicans of Richmond fought here for years for representation on the Board, and finally Millard Davidson, a Republican, was elected to the position on the Board by that body itself. After his unfortunate death I was elected as his successor by the Board, and I can truthfully and honestly say that in the six years I have served in that capacity there has never been the semblance of politics in the School Board of Richmond, and never should there have been, or ever be.

I am reliably informed that the opposition to the old School Board, because I am not a candidate at this particular time, but a hold-over, is telling my friends that as I do not come up for re-election, a vote against the Board will not be a vote against me. I want to say that my only regret is that I am not in the race with my other faithful fellow sufferers, who have fought here for the last three years under the most trying circumstances to provide a suitable building and equipment commensurate with the needs of the Richmond School. This alone has been the sole purpose of the School Board, and I want it distinctly understood that I stand for the same things that those members stand for, who are candidates for re-election. The attacks and aspersions on our integrity, character and designs are unjust and are made for the sole purpose of mis-leading the people. The School Board has stood for good teachers and adequate equipment that will meet the needs of a growing City and provide facilities for the education of our children.

ANOTHER GOOD WOMAN GOES TO HER REWARD

Mrs. William Reeves died at her home, Friday, after a serious illness of many months, which she bore with beautiful Christian fortitude. She was before her marriage, Miss Jennie Shipp, of Versailles. She was 47 years old and a member of the Christian church. Surviving her are her husband, her aged mother, who recently passed her 91st anniversary, one sister, Mrs. J. A. Todd, of LaGrange, and one brother, all of whom have the sympathy of many friends in their bereavement. Funeral services were held at her late residence, Saturday afternoon, at 3 o'clock, conducted by Rev. A. B. Reeves, of Middlesboro. Interment in Richmond cemetery.

sufficient for the demands. Now I ask for the sake alone of the children of Richmond to keep politics out of Richmond schools. I ask the people to stand for the old Board's candidates, where I stand, because this is as much my fight as theirs, and a repudiation of them is a repudiation of my position as well. By so standing you will have done a deed that will continue the progressive movement for better education, a better City and a finer civic pride.

I make this statement because a few politicians in my own party have pointed out the fact that all of the candidates on the old ticket are Democrats, and that two of the candidates on the new ticket are Republicans, and another is under the influence and control of a prominent Republican. I ask my Republican friends to leave politics out of this School Board race and endorse the old School Board, if you believe they are right, and have tried to meet the demands of the school situation in Richmond.

(Signed) H. G. SANDLIN.
Member School Board

SHOWING AT THE LOCAL THEATERS MONDAY

ETHEL CLAYTON and VERNON STEELE in a scene from the PARAMOUNT PICTURE "FOR THE DEFENSE"

MARSHALL VAUGHN ON ROAD TAX QUESTION

Marshall Vaughn, secretary of Berea College and editor of the Berea Citizen, sends in the following answer to a number of arguments which have recently been made against the road tax. Editor Daily Register, Richmond, Ky., Dear Sir:—

I have read with care and also surprise two articles opposing the 20c road tax by Mrs. K. G. Wiggins and Brutus J. Clay. My training and instincts as a gentleman forbid me to express my real feelings upon those two articles.

In the first place, I am surprised that Mr. Clay, a man of eminence, of education and of statesmanship, should fall victim to such rare errors as he allowed to appear over his name in the Register. Before writing this answer I called the editor of the Register to find out if the figures he published were those submitted by Mr. Clay. I quote, "In my opinion the proposed tax of \$300,000.00 to be collected under the 20c tax will no more than build the Richmond-Big Hill-McKee turnpike. In Judge Goodloe's article in the Register of October 30th he says '86 1-2 miles of turnpike has been designated as a part of the state inter-county seat road by an act of the legislature at the 1920 session.' If the proposed \$300,000.00 should be divided pro rata among these roads they would receive but \$346.82 per mile." I wish to ask Mr. Clay where he studied arithmetic. He may claim that is a typographical error, and if it is, and is not corrected by Mr. Clay himself, those who do not take the pains to compute the figures will believe what he has said. The facts are these: \$300,000.00 appropriated to 86 1-2 miles means \$3,468.21 per mile.

Mr. Clay did not tell you all. It has been definitely promised, and the citizens of Madison county can absolutely depend upon it, that for every dollar we give on these 86 1-2 miles of designated road, the state of Kentucky will give an equal amount. It means that Madison county will receive \$600,000.00 instead of \$300,000.00, making a total of \$6,936.42 per mile. Furthermore, we have the assurance, and anyone who has dealt with the federal government in the (Continued on page 4)

PIERCY TAKEN TO PEN AT FRANKFORT

Lawrence Piercy who abducted and tried to murder P. W. Wells on December 2 last, is now behind the bars at the Frankfort penitentiary to serve the 15 year sentence imposed on him in the Madison circuit court. He was taken to Frankfort early Saturday morning by Sheriff Deatherage following receipt here of the mandate from the Court of Appeals, where the sentence was affirmed about a month ago. Piercy has been confined in the Madison jail since he was tried.

EVIDENCE IN DOUBLE MURDER GOES TO JURY

New Brunswick, N. J., Nov. 4—Authorities investigating the Hall-Mills murder case today claimed they have located the driver of one of the automobiles seen near Phillips' farm on the night of September 14, when Rev. Edward Hall and Mrs. Eleanor Mills were slain. A statement from this man, while not containing an account of the murder, was said to substantiate many assertions of Mrs. Jane Gibson, who claimed to have witnessed the murder and identified the slayer and his woman companion. This is the tangible evidence authorities were seeking before presenting the case to the grand jury, officials said.

Corrected Date Of Mrs. Devore's Sale

In Thursday's Daily Register the sale of Mrs. Willam Devore, appeared Wednesday Nov. 17th, when it should have read Nov. 8th. Prospective buyers please bear this in mind, and if you want a nice little home, be on hand Nov. 7th.

ANOTHER CITIZEN WRITES ON SCHOOL BOARD

Richmond, Ky., Nov. 4, 1922
To Editor of Daily Register:

We have had our dreams and visions, now let us count the cost. Much has been said, pro and con, in regard to the inefficiency of the present school board and it is the general opinion that they have displayed a total lack of clear business methods and an absolute disregard of the expenditure of "other people's money."

You will note that the board, after months of delay, issued a so-called financial report of receipts and expenditures for the past three years. No doubt this delay was caused by the lack of a system of bookkeeping, as we are told up to this time the only books kept were a bank book and a check book. Think of it—these people posing as the fiscal agents of a yearly fund of 40 to 50 thousand dollars and not a book showing the disposition of a cent of the money. In its financial report they make the statement that this report "is in exact balance with the books at the Citizens Bank" and this is the absolute truth, as these were the only books they had, together with the cancelled checks.

We understand that the board had an expert accountant to prepare this report and he has also been employed to install and keep a system of books, and for this action the board is to be congratulated.

This report is vague and does not enlighten the people as to the disposition of their money, except in a general way. However, there are some things that even "he who runs may read." For the years 1919-20 the disbursements under head of Dept. of Administration show an expenditure of only \$147.10 and the Dept. of Instruction expenditures of \$24,033.00, a total of \$24,180.10. Years of 1920-21 show Dept. of Administration spent \$2,322.28; Dept. of Instruction \$28,549.57, total \$30,871.85—a difference of \$6,691.75 an increase of over 25 per cent.

This, however, is easily explained. In 1919 there is a charge of \$147.10 in the Dept. of Administration but no charge for salaries the salary of the Superintendent being included under the head of Dept. of Instruction. In 1920 under head of Dept. of Administration there is a charge of salaries (Supt. Payne's) of \$2,230.00.

To be consistent with the account as started in 1919 the charge of \$2,230.00 should be deducted from account of Administration, leaving a balance of \$92.28 and charged to the account of Instruction, making \$30,779.57. Now this doubtless will be laid upon the new bookkeeper, but think a minute.

In the 1919 report the Dept. of Instruction totals \$24,033.10 and 1920 totals \$28,549.59, an increase of only \$4,516.09, or about 16 per cent.

Now we don't say this was done intentionally, certainly not by the new bookkeeper—far be it from us—but isn't it calculated to create a false impression as to the actual increases of expenditures by sub-dividing and separating the items?

Also note in passing, the salary under head of Administration (Supt. Payne's) is not given in 1919; in 1920 it is \$2,230.00; in 1921 it is \$2,550.00—a slight increase and still going up.

There are other inconsistencies in the report that we pass, but to sum it all up the report does not enlighten or clarify the situation. The real thing the people want to know is what has become of the money from bond issue and insurance—for what and to whom paid? On this subject the report is silent and we have no definite data to go upon.

The board received \$28,000.00 insurance and \$80,000.00 from bonds—\$108,000.00 in all.

The article, signed by a number of our prominent citizens, tells you that Madison High will cost (in round numbers) \$100,000.00 and the addition to colored school \$8,000.00. No other sums are mentioned, nor do they seem concerned about anything else except to excuse the board for its lack of good faith and

create sympathy for the same.

These contractors take up all the money and these people would have you believe that this is the entire cost of the buildings to the taxpayers of Richmond. Now let us look at the facts of the case. After the fire which destroyed Caldwell building, the board had \$28,000.00 insurance. The fire only destroyed entirely the main building, leaving the walls of the annex practically intact. This salvage was variously estimated by persons competent to judge to be worth from \$35,000 to \$40,000 with an adequate heating plant on the ground only requiring resetting. It was stated and has never been denied that these walls could have been built up, a roof put on, a front entrance added and plastered and painted for a sum of \$30,000 or \$2,000 in excess of the insurance. This would have given 8 large and commodious rooms with basement for closets, etc., ample to take care of the younger grades and this could have been done at once and not subjected the children to unnecessary hardships by being scattered all over town.

During the years 1919-21 the board (according to its report) employed an architect and spent about \$10,000.00 remodeling and improving Madison Institute. We understand all these improvements were made to comply with Wrecking Caldwell Bldg. 35,000 for a complete building, containing an auditorium and classrooms for the high school. Now what did this board do? They tore out this \$10,000 improvement and demolished the walls of Madison Institute building, easily worth \$30,000, according to present values. And what did they get out of it? We are told that the \$5,000 architect told them they would salvage \$5,000 worth of material, but he fell short in his estimate some 10,000 brick, costing about \$1,800. Now we submit to the taxpayer that he is getting off light with a tax of \$1.35 in view of these facts.

Now isn't it a fact that the building instead of costing Richmond \$108,000 has cost as follows:

| | |
|-------------------------|-----------|
| New building | \$108,000 |
| Wrecking Caldwell Bldg. | 35,000 |
| Wrecking Madison Ins. | 30,000 |
| Improvements Mad. Ins. | 10,000 |
| | \$183,000 |

Less the supposed salvage of architect \$5,000
\$178,000
And still we are not through. The architect has to be paid more than \$5,000.
Steam heating plant 6,000
Equipment 10,000
Extras anywhere from 3 to 5,000
\$26,000

Making an amount in excess of \$200,000 which the taxpayer is asked to dig down in his pocket and produce.

The board acknowledges its inefficiency when they say that they entered upon this program of extravagance without consulting an architect or counting the cost. They also acknowledge the expenditure of this vast sum. They are turning over to the city a building that has been stripped of every adornment that might make the place attractive and pleasing to the eye, and that it has cut out cloak rooms which are as essential to the comfort and health of the child as light and heat. What must be the atmosphere of a room on a cold, rainy day, steam heated, with a lot of wet coats and caps hanging around its walls? We ask the Doctor's wife if she believes this to be for the betterment of the child's physical or mental being?

They say they had a vision (a night mare, rather) and acted upon it, but we believe, as people generally believe, that this is the result of listening to the blarney and vagaries of a mind, lacking in business experience and practicability, following an ideal without counting the cost or consequences.

We hold that the present Superintendent is more responsible for the situation than any other person, but should the board (Continued on page 2)

S. M. SAUFLEY, Editor and Proprietor

Political Announcements

We are authorized to announce

RALPH GILBERT

as a candidate for the Democratic nomination for Congress from the 8th Congressional District, subject to the action of the Democratic primary in August, 1922.

The candidates for School Trustees seeking election in place of four members of the old board are all well known to every one in Richmond. Their business ability and their methods of doing business are well known to everyone, and the people of Richmond know what can be expected of them. And they know they do not expect them to have a school building worth \$100,000 insured for \$28,000 at a time when there is an epidemic of fires all around the city. This is the real reason taxes are so high.

BIGGEST LANDLORD IN COUNTY FOR ROAD TAX

Dr. D. J. Williams, probably has more tenants than any other one man in Madison county, says that he does not intend to raise the rent on a single one of them if the road tax is voted on Tuesday. Dr. Williams is about the second largest taxpayer in Madison, and he is heartily in favor of the road tax. He says he will support it in every way possible and wants his friends to do so. He says he realizes what good roads mean to a county and believes that the road tax proposed in Madison county is the only feasible plan suggested for obtaining better roads for Madison. Dr. Williams during his long service on the Fiscal Court was always a worker for good roads, and he says he is just as anxious for Madison to go forward with her good work as he was when he was a magistrate.

DODGERS WIN ANOTHER GAME AT PAINT LICK

Unable to get a team to come here for a game this week, the champion kid Dodgers went to Paint Lick Friday afternoon and defeated the Fershamen boys there by 9 to 0. The game was hard fought throughout as the Paint Lick lads had several men of considerable size. Beazley and Hensley for the home team gave the Dodgers all they were looking for, but the Richmond kids were not going to have their record broken, so put over another victory by a beautiful drop kick by Speck Young, following a long forward pass from Sanfley to him, and later on a touchdown by Devy Pearson. The game was played almost entirely in the Paint Lick territory, and the Dodgers frequently threatened to score more but the home lads held when their goal was endangered. The Dodger line-up was as follows: Maupin, le; Whobery, lt; Hardin, lg; Ricci, c; Carson, rg; D. Pearson, rt; Young, re; Sanfley, qb; Ballard, lb; Adams, rh; C. Pearson, fb.

PATROLMAN CLEARED OF KELLEY'S CHARGES

Complete vindication of Patrolman Hardin and Turner who were accused by Adam Kelly of taking moonshine whisky to their homes after arresting a man and turning him loose was given after an exhaustive hearing before Mayor O'Neil, and the Police Committee of the City Council Friday afternoon. The members of this committee are Councilmen James W. Hamilton, Pleas Benton and James R. McKinney. City Attorney H. C. Rice conducted the examination of witnesses under oath as if in court. The alleged offense is said to have occurred in September, 1921, and the testimony of the officers as outlined yesterday was borne out by the fact developed, the councilmen said.

Hunt For DeValera In Dublin

Dublin, Nov. 4—Miss Mary McSwiney was among several persons arrested in a house here after a pitched battle between occupants and national army troops who presumably were seeking to arrest Eamon DeValera, who is reported hiding in this city. The search failed to reveal the republican leader.

Colored Politician Gets Good Appointment

Washington, Nov. 4—Walter L. Cohen, negro, republican politician, today was appointed by President Harding as comptroller of customs with headquarters in New Orleans. He has been a prominent figure in Louisiana republican circles for 30 years. The salary of his new office will be \$5,000 annually.

ANOTHER CITIZEN

(Continued from page 1)
ask the taxpayer to endorse them for their failure to count the cost?

The tax rate caused by this wastage of public property has made it all but impossible to own property and the property owner must realize 15 per cent before he can come out with interest on his investment. It has stopped the building of homes in our town, raised rents and increased the cost of living. In the face of these facts can you consistently vote to continue the board in power? Remember the end has not been reached in expenses of the new buildings and instead of \$1.35 your tax next year may be \$1.50. They fooled you once—why not again?

A CITIZEN

PLEASING CONCERT AT NORMAL SCHOOL

The Mens Club of the Eastern Kentucky State Normal School presented Franceska Kasper Lawson, Soprano in a delightful song recital at the school auditorium, Friday evening.

Mrs. Lawson, in addition to possessing a very charming voice quality, showed unusual ability in selecting favorite songs for her program. Combined with a pleasing personality, which endeared her at once to her audience, she impressed her hearers with her deep affection for her art.

Reviewing her program briefly: of her first group, possibly the best liked song was Spohrs "Rose Softly Blooming," this number has a pleasing melody, and her interpretation of it was quite artistic.

In her second group of songs, possibly the out-standing number was, Puccini's Aria from the Italian Opera "Madame Butterfly." This song showed her interpretative ability, and brought out the lovely middle register in her voice.

From her group of songs by American Composers, the numbers, that seemed to please most were "Gingham Gown," a new song by the Composer of "Smilin' Thru" and Lehman's "Daddy's Sweetheart." These numbers are filled with human interest, and appealed strongly to her hearers.

The Mens Club is certainly to be congratulated upon bringing Mrs. Lawson to Richmond, and judging by the size of and the splendid attention of the audience, the concert was a decided success.

AUCTION SALE!

Remember my court day sales will consist of a lot of nice Household and Kitchen Furniture
Coal, gas and oil heaters, rugs, harness etc. Some nice ponies and rigs, horses, mules etc.
Livestock sold at 10 o'clock—household goods at 1:30. Stay close to the Big Blue Wagon—that's all.

BOB WALKER

Warning to Democrats-----

Democrats of Madison County don't let the Republicans fool you! They are conducting a "gumshoe" campaign in an effort to bring out the full vote and elect their candidate for Congressman.

They are pretending to Democrats to have no hope of electing their candidate, but secretly they are working as they never worked before to bring every Republican voter to the polls on election day November, 7th, so they can stamp under the Log Cabin.

They have "pulled" every Federal office holder in Kentucky for a contribution and are preparing to "dump" a big slush fund in this Congressional District in a final effort to "put over" their man.

Democrats of Madison county are you going to let them do it? Are you going to sit idly by and see Ralph Gilbert, defeated by a man who is not qualified to fill the office of Constable?

Democratic apathy in 1919 defeated Judge Hardin and elected the "unspeakable" Swope to misrepresent the proud old Eighth District in Congress. The same thing will happen on November 7th unless every Democratic man and woman in Madison county awakens to the vital importance of going to the polls and supporting the nominee. Pass the word to your Democratic neighbors and friends. Warn them of the danger that lies in Democratic apathy. On election day fill your automobile with Democrats who are not so fortunate as to own a car and take them to the polls. Do your duty as a Democrat and a true Kentuckian and help get out a full vote.

Ethel
Clayton

In "FOR THE DEFENSE" Here's Ethel Clayton's greatest dramatic triumph. A picture that holds you breathless and) questioning right to the last second. A mystery love story with the most startling climax ever filmed. Zazu Pitts, Bertram Crossly and Vernon Steele in the cast.

Beautiful Party

Misses Geneva an Allie Kanat-zar very delightfully entertained Wednesday evening a number of their friends with a pound party. Those present included Misses Edna and Pattie Lowry, Ada and Edna Cook, Willie Howard, Eva and Irene Carnes, Virgie Smith, Bessie Wilcox, Gracie May and Beulah Garrett, Messrs. Walker Morris, Lonnie Masters, George Rhodus, Russell Wilcox, Clarence and Virgil Perkins, Jesse and Charlie Burgess, Leonard Stant-fer, Travis and Virgil Witt, Ed-ward and Garnett Smith, Law-rence Smith, William Goins, Ben Roberts, Cecil Sanders, Earnest Adams and Robert Lowry.

Music was furnished by Messrs. Bargin and Guy Cosby, Gordon Terrill and Boyd Ledford, of Ohio. A nice time was reported. —Contributed.

Miss Quinn Entertained

The Community Club entertained very informally Thursday evening in compliment to Miss Anne Quinn, who recently accep- ted the position as community nurse. Miss Marian Williamson, the state nurse from Bowling Green, was also present for the very charming affair. There were about forty ladies who called during the hours.

Entertained Bridge Club

Mrs. Harold Oldham enter- tained her bridge club Thursday. Her guests included Mesdames H. B. Cosby, Marison Dunn, R. C. Boggs, Jack Wagers, S. J. Mc- Gaughey, Selby Wiggins, Pres- ton Smith, Douglas Parrish, A. R. Denny, E. C. Stockton, W. P. Millard and Miss Elath Buchan- an. Mrs. W. D. Oldham joined the party for lunch.

Entertained For Friends

Mr. and Mrs. Robert Minter entertained the following friends, at a dinner party the latter part of the week: Mr. and Mrs. Roy Minter, Mrs. Fannie Daily, Miss Eva Minter, Mr. and Mrs. Leslie Long, Mr. and Mrs. T. B. Hack- ett and daughter. Mr. Lawton Long added much to the pleas- ure of the guests with his radio.

Announcement is made of the arrival of a lovely little daughter at the home of Mr. and Mrs.

near Bradshaw Mills.

Mrs. Worford Agee visited her brother Ollie Casey at Buckeye, Sunday.

Mr. and Mrs. R. L. Masters of Richmond motored to this place Sunday to visit relatives.

Miss Ethel Agee of Eastern Normal spent he week-end with home folks.

Mrs. Allen Moberly visited her sister Mrs. Elbert Moberly Thursday.

Mrs. Morris Callico is spend- ing a few days with relatives in Nicholasville.

Mrs. Wilbert Howard and daughter, Stella, were the guests of Mrs. Luther Howard at Eden- ton.

Mr. and Mrs. Rufus Sebastian and grand-daughter, Mamie Land, visited friends in Rich- mond, Monday.

Elmer Wilson Hendren is staying in Richmond for a few days.

Mr. Calvin Sowers died at his home near Gilead Saturday with tuberculosis and was buried Sunday afternoon in Gilead Cemetery, much sympathy is ex- tended to the bereaved family.

Quite a number attended the Hallowe'en Carnival at Rich- mond, Tuesday night, which proved to be very interesting, but the return home was not so pleasant as the road was filled with brush, fences, gates, wagons, buggies, logs and rocks, which were some task to re- move, however, it was only what was expected by the travellers when they left home.

Mrs. Gentry's Reds Win

Mrs. James Gentry is rejoicing over the recent news that first young pen and first cockerel at the Standardization exhibit at Louisville, won by Clyde Harri- son, Lebanon, were out of eggs she sold him last spring. Mrs. Gentry has a fine flock of Reds, and won first and second honors on old birds at the same show.

AILING WOMEN OF MIDDLE AGE

Mrs. Linton Tells How Helpful Lydia E. Pinkham's Vegetable Compound is at This Period

Denver, Colorado.—"I have taken Lydia E. Pinkham's Vegetable Compound for seven years and I cannot tell you the good it has done me. It is good for young and old and I always keep a bottle of it in the house, for I am at that time of life when it calls for Lydia E. Pinkham's help. My hus- band saw your ad. in the papers and said 'You have taken everything you can think of, now I want you to take Lydia E. Pinkham's Vege- table Compound.' So I let him get it, and I soon felt better and he told me 'I want you to take about six bottles.' So I did and I keep house and do all my own work and work out by the day and feel fine now. I tell every one about the Vegetable Compound, for so many of my friends thought I would not get well." —Mrs. R. J. LINTON, 1850 West 33d Avenue, Denver, Colorado.

After reading letters like the above, and we are constantly publishing them, why should any woman hesitate to take Lydia E. Pinkham's Vegetable Compound if she is in need of help? It brings relief where other medicines fail.

Bids Wanted

Bids will be received by the City Board of Education on the hardware for the new city build- ing until one o'clock, Monday, Nov. 13th. Specifications can be secured at the office of the chair- man, John Noland or from the Architects, C. C. and E. A. We- here.

RICHMOND WELCH STORE

SOLVING A NATIONAL RIDDLE

New York.—(Special Correspondence).—A prominent insurance man was com- menting the other day, on the fact that, although there are more than \$10,000,000 stock company fire insur- ance policies now in force in the United States, the general public is sat- isfied unfamiliar with the provisions of its insurance contracts.

"Take the Co-in- surance Clause, for example," he said. "Many people con- sider it as big a riddle as the Sphinx, yet it can be readily ex- plained."

"Co-insurance really means co-operation in carrying a risk and always refers to some percentage of the insured value; usually the amount is 80%, for this has been found, by ex- perience, to meet the requirements of sat- isfaction, under average conditions. This does not signify, however, that an owner insur- ing for 80% of the value of his property carries 20% of the liability, but that, on this basis, his property will be fully protected to the amount of the insur- ance. If an owner in- sures for 100%, he secures a lower prem- ium rate.

"Insurance companies base their rates upon the expectation of losses being partial and not total. Where an owner carries less than 80% fire insurance, he must share the loss with the insuring company; other-

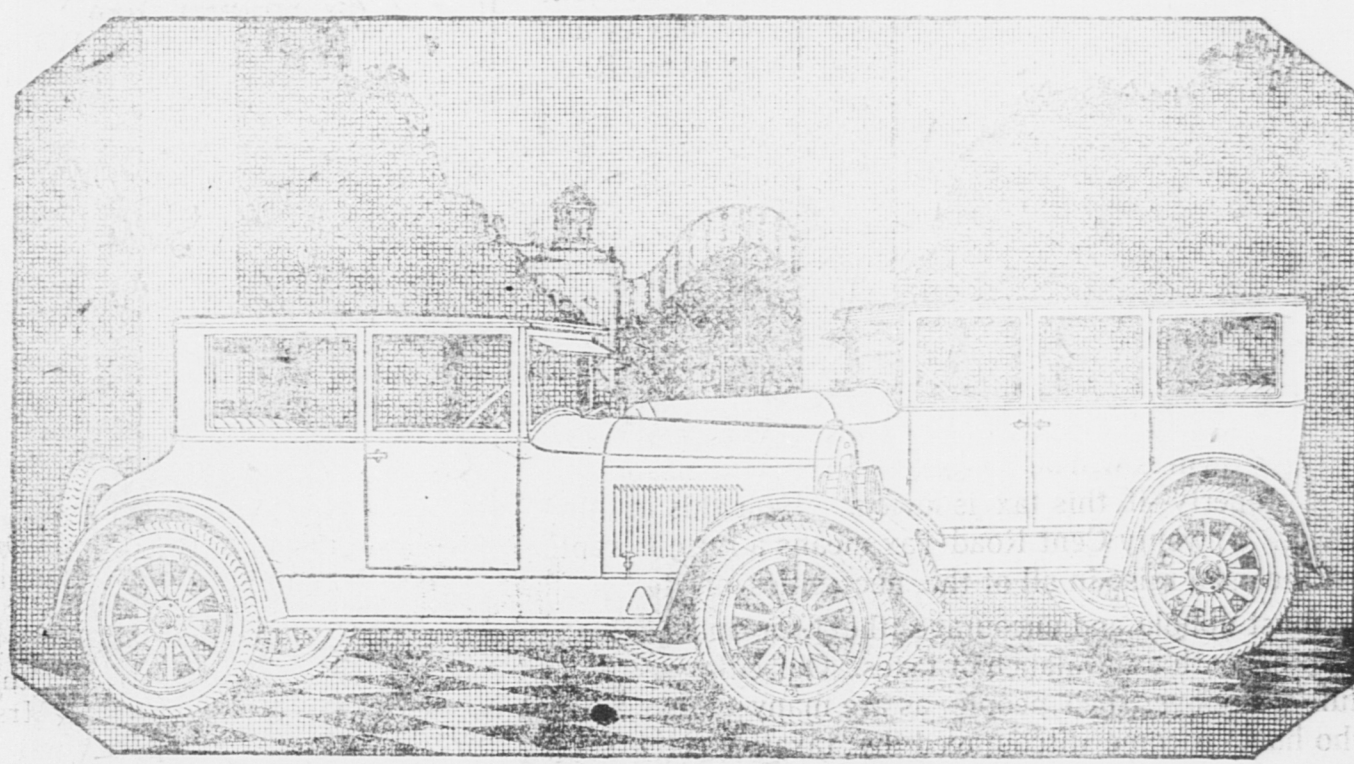

wise he will be taking advantage of fellow property owners who insure for this necessary average valuation. As a matter of fact, each assured gets what he pays for.

"This is the way the Co- insurance Clause works out in actual practice: Suppose, for example, that 'A' in- sures his house, worth \$100,000, for \$80,000, or 80%, paying a premium of \$800; he has a loss of \$20,000, which is paid in full by the insuring com- pany. 'B', on the other hand, insures his \$100,000 dwell- ing for only \$40,000, or 40%, and pays a premium of \$400. He has a fire which causes destruction placed at \$30,000, of which the insur- ing company is liable for one-half, or \$15,000. If 'B' had paid 80% coverage, he would have been re- imbursed in full.

"To sum up the proposition in a few words—where insur- ance is carried equal to, or in excess of 80% of the value of the property, the 80% clause has no effect and is disregarded in making the adjust- ment of either a partial or a total prop- erty loss. Where less than 80% insurance is carried, a total loss is paid in full up to the face of the policy, a partial loss being the only one ever

affected by the Co-insurance Clause. In practice, the 80% Co-insurance Clause is a direct benefit to the pub- lic and has done more to reduce and stabilize fire insurance rates than any other single factor."

Fine Closed Cars With Fine Car Equipment

Coupe \$1445—Sedan \$1465 F. O. B. Detroit Tax Extra

It is now very generally conceded that the mechanical foundation of Jewett cars is one of the great engineering triumphs of the year. There could be no more perfect six-cylinder motor. There could be no stronger or more efficient chassis from radiator to rear axle.

But inspect the Sedan and Coupe and you will make another startling discovery. Despite the extremely low prices, you will find yourself viewing the finest of body work, upholstery and general appointments. Then, and then only, you will appreciate that these are fine cars that set an entirely new standard of value. Here there is no compromise.

Study the list of Jewett features at the right. They tell a story of refinement that has never been equalled in the popular priced field.

The complete Paige-Jewett line of six-cylinder passenger cars offers a selection of thirteen models priced from \$995 to \$3350. The complete line of Paige trucks meets every haulage need. They are sold and serviced by Paige Dealers everywhere.

Jewett Closed Car Features

Long-wearing, all-wool upholstery fabrics that neither fade nor soil easily.
Extra broad cushions over deep cushion springs.
Ample leg room for all passengers.
Full steel panelled.
Broad plate glass windows which slide in felt lined channels—rattle and rain-proof. Easy operating window lifts.
Silk roller curtains.
Dome light.
Locks on all doors.
Yale thief-proof transmission lock.
Drip moulding which prevents rain running down over the doors and side windows.
Cowl ventilator.
Rain and sun visor.
Windshield cleaner.
Drum type lamps with lenses, and 2 sets of bulbs.
Double catch, non-rattling doors.
Sedan: Robe Rail, foot rest, pockets on the doors, ample room for five passengers. Four doors, of course.
Coupe: Is as roomy as 4-passenger closed cars listing for \$2,000 or more and really comfortable for four adults.

ONCE SHE WAS BALD

Bald-headed men, here's news for you. At five Helen was bald, and recently at eleven, she appeared before the Illinois Free Homeopathic clinic with the beautiful head of hair which you see in the picture, and at that it has been bobbed three times. Doctors C. D. Collins and A. H. Gordon, who cured Helen, told how it was done. They fed the child on endocrine gland tablets and subjected her to violet ray treatments. Within seven months after the treatment began Helen had a full head of hair.

BULGAR WAR TRIAL IS SLOW

Cabinet Men in Jail Three Years Wait Turn to Address Court—Trial Enters Second Year.

Sofia, Bulgaria.—Trial of the members of the Radislav cabinet, which brought Bulgaria into the war on the side of Germany, will soon enter its second year. Two hundred and fifty witnesses gave testimony during the first six months. Then it took one month to read the indictment. The crown prosecutor spoke for 17 days, and then D. Tonchev, former minister of finance and one of the accused, spoke for 20 days to explain his introduction. Ten more of the accused cabinet ministers and about twenty barristers are yet to speak.

The defendants already have been three years in prison, where they have been preparing their speeches and other features of their defense. The judges are mostly peasants and some of them have remarked that if they listen another year or two they will be able to pass their first examination to the bar without attending the university.

INCREASE SHOWN IN INCOME TAX

7,463,177 Individual and Corporation Returns Made in 1920, Paying \$2,700,288,329.

33 IN MILLION-A-YEAR CLASS

Four Paid Taxes on Incomes in Excess of \$5,000,000, Two of These Listed From New York and Two From Michigan.

How would you like to have to pay taxes on an income of \$5,000,000 a year? Four men did in 1920.

Washington.—Complete statistics of income for the calendar year 1920, made public by the commissioner of internal revenue, show that 7,239,944 individuals filed income tax returns, paying a total tax of \$1,075,953,686, and that 203,233 corporations reported net incomes taxed at \$1,625,234,643.

As compared with 1919, the figures show a growth of 1,927,184 in the number of returns and an increase in the total net income reported amounting to \$3,876,137,735, but a decrease of \$194,576,418 in the total tax.

Thirty-three individuals in the United States paid taxes on net incomes in excess of \$1,000,000, nineteen paying over \$1,000,000 to \$1,500,000. Three paid taxes on incomes in excess of \$1,500,000; four on incomes from \$2,000,000 to \$3,000,000, and four paid taxes on incomes in excess of \$5,000,000, two of these being listed from New York and two from Michigan.

New York in Lead.
Of the total income tax New York paid 23.69 per cent; Pennsylvania 12.13 per cent; Illinois 8.68 per cent; Ohio 6.76 per cent, and Massachusetts 5.82 per cent. These five states together paid 57.09 per cent of the combined personal and corporation tax of the country. These states, with seven others, Michigan, Indiana, Iowa, New Jersey, California, Missouri and Maryland, 12 states in all, paid 95.83 per cent of the total tax.

The number of corporation income tax returns for the calendar year 1920 was 345,595. Of these 203,233 reported net income amounting to \$7,902,654,813; income tax, \$636,508,292; war profits and excess profits tax \$988,726,351; total tax, \$1,625,234,643.
For the calendar year 1919 the number of corporation returns was 320,198, of which 209,634 reported net income totaling \$9,411,418,458 and taxes aggregating \$2,175,341,578.

There were 160 corporations that filed returns for 1920 reporting net income of \$5,000,000 and over; 836 the filed returns of from \$1,000,000 to \$5,000,000; 1,142 that filed returns of from \$500,000 to \$1,000,000; 2,124 from \$250,000 to \$500,000; 5,497 from \$100,000 to \$250,000; 7,092 from \$50,000 to \$100,000; 35,994 from \$10,000 to \$50,000; 27,615 from \$5,000 to \$10,000; 46,868 from \$2,000 to \$5,000, and 75,905 that reported net income to \$2,000.

Greatest Net Income.
New York filed the greatest number of returns, both individual and corporation, and reported the greatest amount of net income, followed by Pennsylvania and Illinois. New York's total returns were 1,103,129, of which 1,047,634 were personal and 55,495 corporation.

The number of returns filed by non resident aliens, resident aliens, and foreign corporations in business or holding investments in the United States was 12,432, showing a net total income of \$148,449,199, on which the federal tax was \$21,065,882.

The report shows that out of approximately 345,000 capital stock tax returns were tabulated, showing a fair value of \$75,406,625,174. Of this aggregate fair value, the manufacturing group reports approximately \$30,500,000,000 or 40 per cent.

The next highest is finance, banking, insurance, etc., with \$13,700,000,000 or 18 per cent; transportation and other public utilities representing \$11,400,000,000, or 15 per cent; mining and quarrying, \$6,700,000,000, or 9 per cent. The agricultural group reports only \$1,000,000,000, or 1-13 per cent.

SEVEN DEAD IN CUBAN FEUD

Two Families in Island Republic Are Determined on Exterminating Each Other.

Guanajay, Cuba.—Seven killings in three years marked the Sanchez-Carache feud, which, the authorities have announced, must be ended if it requires the imprisonment of every remaining member of the two families. The latest fatalities occurred when Felix Carache shot Batilde Sanchez and then himself. The shooting was the outgrowth of a duel last February, in which Juan Sanchez, Batilde's brother, killed Felix' brother, Luis.

Siam's Women Buy Black Teeth.
London.—An interesting feature of the international dental exhibition, now being held in London, are the sets of artificial teeth made of a composition as black as ebony. They are intended for Siamese women, with whom it is the custom to stain the teeth black with betel nut to denote their married state.

F. H. GORDON

Telephone Orders to No. 28 or 108

MARSHALL VAUGHN

(Continued from page 1)

matter of appropriations will appreciate the fact that it always comes up to promise, that the national government will appropriate \$150,000,000 for one of these roads to become a national highway. That will bring the total amount to an average of \$8,662 per mile.

Mr. Clay also failed to state in his article that one-half of the McKee-Richmond turnpike has already been constructed, and is today the property of the state and is not costing the county a dollar. I refer to that part of Dixie Highway from Richmond to Kingston where the McKee-Richmond pike begins.

Now I come to the sad part of my letter, that is the rejoinder to that painful attempt of Mrs. Wiggins to explain a situation by praying the prayer that the selfish man prayed. "Oh Lord, save me and my wife, my son John and his wife, my four and no more. Amen." I hope none of the loyal patriotic Christian citizens of Madison county who have come from the mountains have not read her letter. "Leave the mountaineer alone in his log hut and let him work out his own salvation as did the pioneers of long ago." There is nothing in modern Christendom that savors of paganism more than this thought.

Then someone asks, why is Madison county so unprogressive? It is because of the intolerance of many of her citizens. I am a native son of Madison county. I was born on the waters of Silver Creek, but it has been my good fortune since the day of my birth to have travelled over a good part of the world, including a number of foreign countries, and I wish to say in the matter of progress and forward-looking, many of our citizens, sons and daughters of opportunity, are no further advanced than they were when my father was a boy.

She also said "Let the mountaineer come out of his mud and get on a good road and get an inspiration to go back home and build good roads." He would never get any inspiration by coming to Madison county. I wish to inform Mrs. Wiggins that we are not asking the citizens of Madison county to build a road for the mountaineer. If she was shooting at the bullseye in her article, she even missed the field. She grabbed an

COLORED MEETINGS ON ROAD TAX

The Citizens' Committee on the 20c road tax proposition has arranged for meetings of the colored people at the Colored School House Thursday night, November 2nd, at 7:30 p. m. and Saturday night, November 4, at K. of P. Hall, 7:30. The purpose of these meetings is to explain in a direct and authoritative way just what the proposition is and just what the Citizens' Committee hopes to do if the tax is voted.

impression and did the unwise thing of throwing it into the newspaper as a fact. We are not asking the citizens of Madison county to build a road for anybody but Madison county, and all the good road advocates are asking this matter is that the truth get before the people.
